SUMMARY

Architect with three years of experience delivering residential and mixed-use construction projects. Develops architectural drawings, functional layouts, and site supervision reports. Ensures technical compliance, coordinates execution teams, and supports project management through planning, monitoring, and quality control across design and construction stages.

EXPERIENCE

Architect / Senior Technician

Construction Company

April 2024 – December 2025, M'sila, Algeria

- Managed architectural execution for 15 building projects, ensuring compliance with approved drawings and specifications.
- Tracked schedules and material quantities, contributing to 20% reduction in execution delays.
- Produced detailed AutoCAD drawings, 3D models, and Lumion renderings for execution and stakeholder communication.
- Supported project manager through progress reporting, site documentation, and technical coordination.
- Monitored daily site activities, ensuring safety standards, construction accuracy, and timeline discipline.

Architect / Site Supervisor

Real Estate Agency – M'sila, Algeria

August 2022 – March 2024, M'sila, Algeria

- Designed architectural plans for 25+ residential units, aligning layouts with regulations, client needs, and functional efficiency.
- Supervised 10 construction sites, ensuring quality control, material conformity, and adherence to execution schedules.
- Prepared AutoCAD drawings, technical details, and presentation documents for permits and client approvals.
- Conducted site inspections, identifying execution errors and implementing corrective actions with contractors.
- Coordinated with engineers, technicians, and suppliers to maintain workflow continuity and construction accuracy.

EDUCATION

Master's Degree in Architecture – Urban Project

University of Ferhat Abbas Sétif 1 – Sétif, Algeria – 2017

Bachelor's Degree in Architecture

University of Ferhat Abbas Sétif 1 – Sétif, Algeria – 2014

Architecture and Urbanism Studies

EPAU – École Polytechnique d'Architecture et d'Urbanisme – Algiers, Algeria

High School Degree in Experimental Sciences

Chérif Messaadia High School – M'sila, Algeria – 2011

CERTIFICATIONS

Software Training (Self-Directed): AutoCAD, SketchUp, Lumion, Photoshop, ArcGIS, MS Word, MS Excel – 2015

SKILLS

Architectural Design: Develops efficient architectural layouts balancing functional requirements, aesthetics, and technical constraints.

Site Supervision: Ensures construction quality, drawing compliance, and execution accuracy through continuous on-site monitoring.

Project Coordination: Aligns teams, schedules, and technical inputs to maintain consistent project progress.

Software Proficiency: Applies AutoCAD, SketchUp, Lumion, Photoshop, ArcGIS, Word, and Excel for architectural production.

Technical Documentation: Prepares clear drawings, reports, and execution documents supporting construction decisions.

Communication & Organization: Maintains structured coordination, clear reporting, and effective collaboration across project stakeholders.
